

**USA Volleyball/RMR membership is required for participation in all Flatirons activities.**

*Here at Flatirons we are unable to make or modify RMR memberships, since RMR is a separate organization. Some difficult issues can only be resolved by RMR support.*

Here are some tips to help in obtaining RMR memberships.

**Three points to keep in mind:**

1. When you register your player for RMR membership, you are creating a Player Membership for the player, and a Parent Account that will hold the Player membership.

You will first enter information about your child. Then you will enter your parent information.

You can have multiple Player Memberships within the same Parent account.

2. The Parent accounts are free to create. The Player Memberships have a fee, depending on the type of membership, ie Tryout membership, Season membership.

3. Although it is not the preferred configuration, it IS possible to have the "Player" be the person holding the main account, and therefore there is no Child Profile. If your account was already set up like this, it may be completely functional, so no need to worry. But bear in mind it can lead to issues when there is more than one player in the household.

Below you will find instructions and screenshots to help you set up Parent accounts and obtain Player memberships.

Please keep in mind that the RMR site changes frequently, in particular the specifics of what memberships are available at different times during the season, and what the memberships are called. We do our best to keep this page up to date.

**For the best results, use the Chrome browser on a desktop computer.**

Go to the Flatirons home page, click Registrations, then click to open the desired registration.

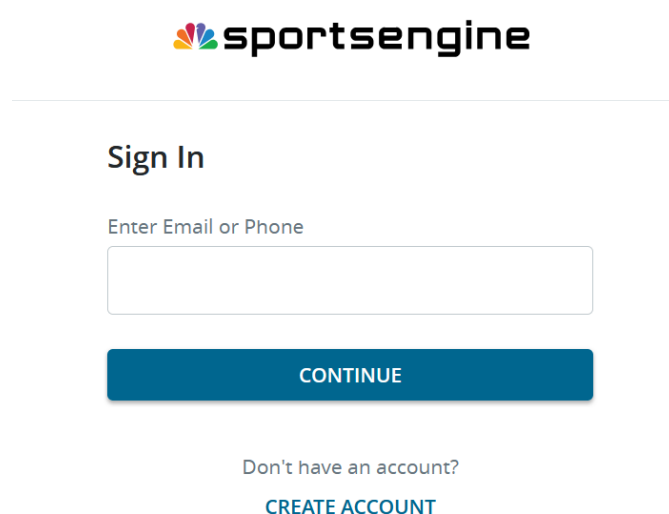

Click the link on the Welcome Page labeled RMR Membership Page.

That will take you to the appropriate RMR membership page.

You need to have a Parent account, and then a Player Membership within it for the player(s). It will ask you to create or confirm these accounts.

If you do not already have an RMR Parent account, you will need to create it.

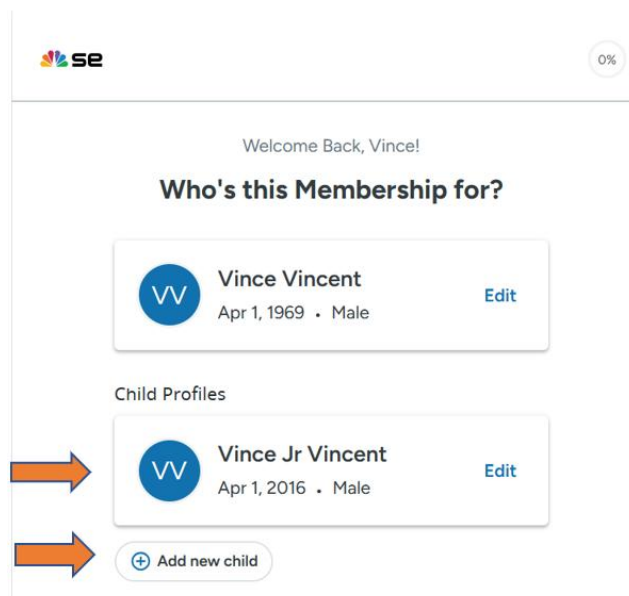

When you click the link in our registration, it will bring you to the RMR website and the dialog shown below:

The screenshot shows the NBC SportsEngine login interface. At the top is the NBC SportsEngine logo. Below it is a 'Sign In' section with a text input field labeled 'Enter Email or Phone'. A blue 'CONTINUE' button is positioned below the input field. At the bottom, there is a link that says 'Don't have an account? CREATE ACCOUNT'.

## **If you have an existing Parent Account**

Sign in to it and it will bring you to this dialog:

The screenshot shows the 'Who's this Membership for?' dialog in the NBC SportsEngine app. At the top left is the NBC SE logo, and at the top right is a 0% progress indicator. The main heading is 'Who's this Membership for?'. Below this, there is a profile card for 'Vince Vincent' (born Apr 1, 1969, Male) with an 'Edit' link. Underneath is a 'Child Profiles' section with a card for 'Vince Jr Vincent' (born Apr 1, 2016, Male) with an 'Edit' link. At the bottom is a button labeled '+ Add new child'. Two orange arrows on the left point to the 'Vince Jr Vincent' card and the '+ Add new child' button.

This is where you choose who the Child Membership is for, or create a new Child Membership. It will ask you to fill in details on the profile.

**They may ask you how long you will be playing for.**

If you are looking for a membership for Open Gyms, Camps, Clinics, or Tryouts, then choose Summer.

If you are looking for a full season membership, choose Season.
